Featured items

Vanessa Leonard-Roberts chosen for MACH-Track Program

Vanessa Leonard-Roberts, Nurse Practitioner at Northern Hospital, has been selected for the prestigious MACH-Track Program starting in 2025. This program offers a unique five-year pathway combining advanced clinical and academic training through the University of Melbourne and affiliated Medical Research Institutes, allowing Vanessa to pursue her PhD while continuing her clinical work at Northern Health. Congratulations Vanessa!!

The Research Development & Governance Unit encourages all new researchers arrange an in-person meeting with our Biostatistician and Research Development Manager while your protocol is still in draft. This collaboration will help enhance your project and ensure it is well-structured to meet your project aims.
