Featured items

Research Week 2024- it's a wrap!

A big thank you to all those that attended another successful Research Week

at Northern Health. This five-day stellar event highlighted Northern Health's ongoing commitment to cutting-edge research and its role in improving healthcare outcomes. Read more about the successful event [here](#). Don't forget to let us know what you thought of the event, and what you'll like to see in 2025. Complete the [feedback survey](#) and as a thank you, you'll be in the running to win a \$50 EFTPOS gift card!

5th National HREC Conference

The National HREC conference is dedicated to promoting best practices in the ethical conduct of human research. This year's program has a strong focus on consumer engagement and the use of data and artificial intelligence in research. View the full program [here](#).

This conference is free and will be held virtually across 3 full days from 27 - 29 November 2024. Click [here](#) to register.

NH Publication Highlights

Crosbie D, Barton J, Ghosh A, Hayes B, Jones D. Frequency and potential causes of non-beneficial Code Blue activations at a metropolitan teaching hospital. Intern Med J. 2024 Oct;54(10):1713-1718. doi: 10.1111/imj.16487. Epub 2024 Jul 26. PMID: [39056585](#).

A-CTEC Monthly Webinar

Lotjpa Yapaneyepuk (Talk together) about cancer trials: Improving Aboriginal and Torres Strait Islander people's access to cancer clinical trials in regional Victoria

This webinar will cover why it's important to increase the diversity of participants in cancer clinical trials, and barriers and facilitators to participation in clinical trials by Aboriginal and Torres Strait Islander people.

Date: Thursday 7th November, 12.30-1.30pm
You will need an A-CTEC account to register- click [here](#).

New ACTA Special Interest Group

The Australian Clinical Trials Alliance (ACTA) is seeking expressions of interest from people who would like to join a new ACTA Special Interest Group, Raising Equity of Access to Clinical Trials (REACT-SIG).

The main objective of the REACT-SIG is to provide a national network and community for clinical trial and research professionals interested in addressing inequities in access to clinical trials.

Register your interest at acta@acta.au.
